Maria Pearson

Biography

Maria qualified as a midwife in 2002 as a clinical midwife she worked for a number of years in the Hospital setting. From 2008 Maria worked between clinical practice and was seconded to work part time in midwifery education at the University of Nottingham. In 2013 Maria became a full time midwifery educator at the University of Nottingham.

Maria teaches and assesses across undergraduate midwifery education and is the Course Lead for The Compassionate and Professional Midwife. In 2015 she commenced a part time professional education doctorate alongside her full time Assistant Professor in Midwifery role. Maria's research has explored educating about and for compassion in midwifery education.
